No. 1

N. Billington: A comparison of three methods of measuring phytoplankton biomass on a daily and seasonal basis 1

S. Petkovski: On the presence of the genus *Branchinecta* Verrill, 1869 (Crustacea, Anostraca) in Yugoslavia 17

C. E. F. da Rocha: A new species of *Halicyclops* (Copepoda, Cyclopidae) from California, and a revision of some *Halicyclops* material in the collections of the US Museum of Natural History 29

M. Sager & R. Pucsko: Trace element concentrations of oligochaetes and relations to sediment characteristics in the reservoir at Altenwörth/Austria 39

W. F. Vincent, M. M. Gibbs & R. H. Spigel: Eutrophication processes regulated by a plunging river inflow 51

No. 2

M. L. Piriz & A. S. Cerezo: Seasonal variation of carrageenans in tetrasporic, cystocarpic and 'sterile' stages of *Gigartina skottsbergii S.* et G. (Rhodophyta, Gigartinales) 65

J.-E. Svensson & J. A. E. Stenson: Herbivoran impact on phytoplankton community structure 71

A. Jachner: Food and habitat partitioning among juveniles of three fish species in the pelagial of a mesotrophic lake 81

K. P. Sebens & A. S. Johnson: Effects of water movement on prey capture and distribution of reef corals 91

A. Fernandez-Casalderrey, M. D. Ferrando & E. Andreu-Moliner: Demographic parameters of *Brachionus calyciflorus* Pallas (Rotifera) exposed to sublethal endosulfan concentrations 103

G. J. Edgar: Artificial algae as habitats for mobile epifauna: factors affecting colonization in a Japanese *Sargassum* bed 111

R. H. Karlson: Recruitment and local persistence of a freshwater bryozoan in stream riffles 119

No. 3

P. Riera, J. Juget & F. Martinet: Predator–prey interactions: effects of carp predation on Tubificid dynamics and carp production in experimental fishpond 129

S. Mengestou & C. H. Fernando: Seasonality and abundance of some dominant crustacean zooplankton in Lake Awasa, a tropical rift valley lake in Ethiopia 137

L. J. Chapman & D. L. Kramer: Limnological observations of an intermittent tropical dry forest stream 153

T. M. Short, J. A. Black & W. J. Birge: Ecology of a saline stream: community responses to spatial gradients of environmental conditions 167

A. G. Caljon: Sedimentary diatom assemblages in the northern part of Lake Tanganyika 179
